Crafted Like Jewels,
Built Like Landmarks

OUR STORY

Carats' legacy began in 1947, when our family laid the foundations of a fine jewelry business built on trust, craftsmanship, and timeless elegance. By 1980, Carats Jewellers had become a symbol of exclusivity and refined taste, with every creation crafted as a lasting treasure.

Guided by the same values of precision and artistry, Carats evolved beyond jewelry into the world of real estate, giving rise to Carats Developments. This expansion was the natural progression of a brand that has always understood that true luxury is defined by the details.

Today, Carats Developments is shaping premium commercial destinations in New Cairo and beyond. Each project, from landmark malls to flagship spaces, is designed like a jewel: a masterpiece of vision, elegance, and enduring value.

Diamonds Define Us
